bagless – virtuell guided tours

is not just another tool that promises you something.

An experience that opens up new avenues for you –
creatively, personally, economically.

bagless is fresh and unspoilt.

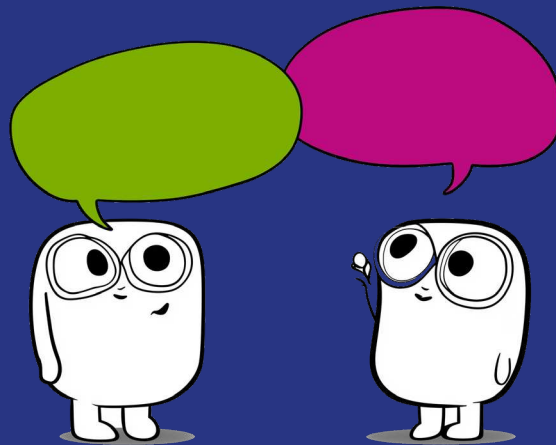

AND THAT'S EXACTLY WHY
YOU NOW HAVE THE CHANCE
TO BE ONE OF THE VERY FIRST
TO TEST IT.

HOW EXACTLY DOES THIS HAPPEN?

You grab your followers and take them on a guided virtual tour in 360° rooms. The whole thing takes place in your own bagless space – curated entirely according to your vibe.

The highlight:

you remain in personal contact the whole time – via video, voice, style. Make it visual. Make it emotional. Make it your thing.

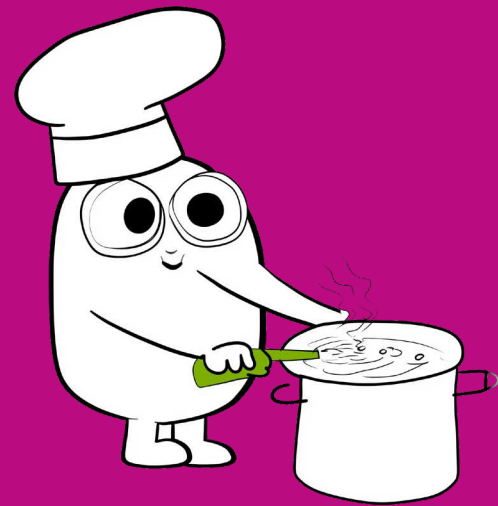

MIT BAGLESS YOU CAN:

- Present facts in an exciting way
- Tell stories
- Incorporate audio and video feedback
(e.g. experts, friends, followers)
- Play videos, drop images, show slides

IT'S LITERALLY EVERYTHING POSSIBLE – YOU DECIDE!

WHAT CAN A BAGLESS ROOM BE? PRETTY MUCH ANYTHING!

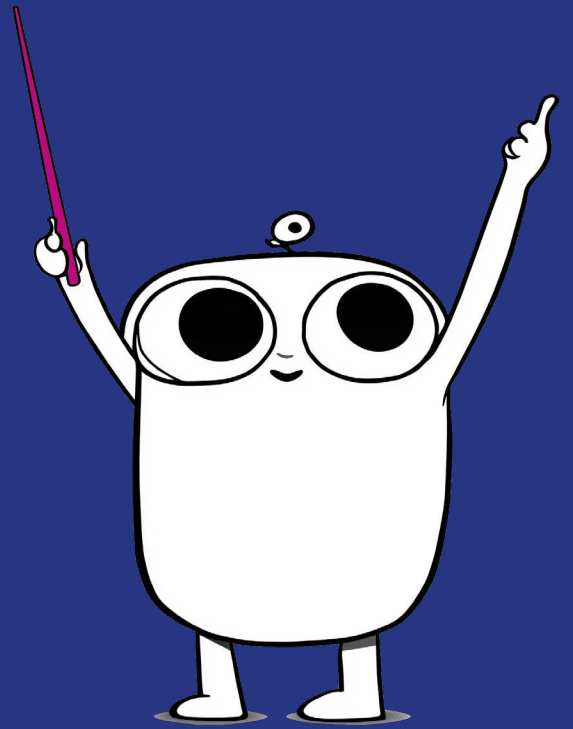

- a place you love
- a travel destination you want to show off
- an era that inspires you • an event you want to share
- the setting for your beauty tips
- a recipe everyone needs to know or your entire kitchen
- your studio and your art
- your pet's living space
- your gym for your workouts
- a cool location you have to show
- a work of art that moves you
- your garden with your tips
- or simply your very own Insta moment in 360°

WHAT BAGLESS MEANS TO YOU

>> Connect even more closely with your community

This is no longer just about likes and comments – it's about real encounters. Like a meet and greet, but without the travel, without the stress. Simply direct and live – in your own digital space.

>> Be the first to do something new

You'll become an early adopter before the whole thing takes TikTok by storm. Position yourself as someone who tries things out before everyone else does. Show that you don't follow trends – you set them.

>> Reach & media attention included

The first implementations are being pushed. Not only by us, but also in PR. In other words: more eyes on you. More buzz around you.

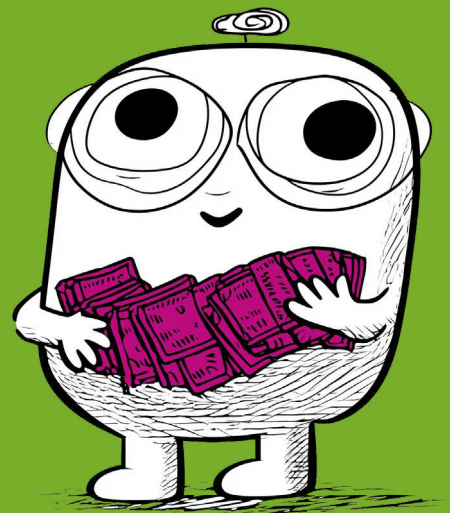

>> Endless possibilities for your stories

Whether it's travel, art, fashion, personal topics or brand collaborations: everything can be translated into spaces and virtual tours. Each space is like an interactive post – only 10 times more intense.

>> New sources of income – directly through your content

And yes, of course you can earn money with bagless. Quite clever, in fact:

- Possible sale of exclusive access tickets to your tours
- Subscription models for exclusive content
- Sponsorship of entire rooms or individual content
- Affiliate links in your showroom
- Meet the Creator sessions in small groups
- Limited spaces, exclusively for your followers
- Co-hosted tours with brands or other creators
- Fan content or community sponsorship in the space
- Virtual collectibles as souvenirs
